# THE LOST & FOUND

For this brief we take a moment to appreciate hidden beauty. Things once lost & forgotten, rising back to the surface. Botanicals emerging from a concrete jungle  
The ultimate mix of Mother Nature & man-made. Take the time to explore flowers & foliage out of their comfort zone. Experiment with textures, effects & purpose to reflect our ever adapting, hybrid culture

**Focusing on contrasting materials & themes, create a design that explores botanicals & flowers in unlikely places**
